

Come Join Us for a Fire Mechanic Roundtable!

**Where: Clark County Fire District 6 Shop
8800 NE Hazell Dell Ave
Vancouver WA 98665**

When: June 29, 2022 at 10:00

You're invited to a roundtable discussion amongst the EVT's from around the SW Washington / Portland region and further! We welcome anyone to join us, so if you know someone that wants to be involved, forward them this information and have them contact me to get on the email chain. The purpose of the meeting is to discuss things we do in our shops...challenges, problems with certain apparatus, new tools or diagnostic programs and whatever else comes up. Show and tell is a good thing, so bring something to show to the group that you want to talk about. It could be something broken or a new tool to your shop or anything else.

Wapiti NW will be there to give a short presentation on getting our apparatus A/C systems ready for the summer heat.

Please take the time to come join us to discuss issues, create local relationships between shops and hopefully get help or ideas to make our jobs easier. This is the first time trying this so be a part of making it successful. Lunch will be provided. Please Let me know if you will be attending and how many technicians you are bringing. I hope to see you all soon!

Brad Osborn
