

## Come Join Us for a Fire Mechanic Roundtable!

**Where:** Clark County Fire District 6 Shop  
8800 NE Hazell Dell Ave  
Vancouver WA 98665

**When:** February 15, 2023, at  
10:30 Am

You're invited to a roundtable discussion amongst the EVT's from around the SW Washington / Portland region and further! We welcome anyone to join us, so if you know someone that wants to be involved, forward them this information and have them contact me to get on the email chain. The purpose of the meeting is to discuss things we do in our shops...challenges, problems with certain apparatus, new tools, or diagnostic programs and whatever else comes up. **Show and tell is a good thing, so bring something to show to the group that you want to talk about.** It could be something broken or a new tool to your shop or anything else.

Angelina Kotchetova from Clark County Public Health will be there to give a short presentation on the impact our shop has on the environment. Here is the list of things she will be covering.

1. Catch basins
2. Vehicle washing
3. Fueling tanks
4. Spills
5. Hazardous waste
  - Firefighting foams
  - Medical/pharmaceutical waste
6. Vehicle maintenance
7. Used oil, antifreeze, shop towels, labeling

Please take the time to come join us to discuss issues, create local relationships between shops and hopefully get help or ideas to make our jobs easier. Come be a part of making it successful, it has proved to be very beneficial. Lunch will be provided. Please Let me know if you will be attending and how many technicians you are bringing. I hope to see you all soon!

Brad Osborn / Fleet Maintenance
